### **Recognition -**

1. Online Annual Review completed or close to completion
2. HS Plus data sheet complete and submitted
3. HS Plus case study submitted for sharing on the HS Plus website.

The awarding of HS Plus recognition is not necessarily about a final finished, all-outcomes-achieved project, but more a determination of commitment, on-going work, good practice and sufficient progress having been made as well as submission of a case study and substantial progress being made on the Annual Review. (Once the AR is complete, if not already done, you will also have your National HS Status reconfirmed). It may be that the work is on-going even after recognition.

Only once recognition been achieved can second tranche of funding be released.
